

June 2020

Dear Kindergarten Families,

Congratulations on the culmination of your child's year in Kindergarten!

We are so proud of all your child has learned: how to solve problems, ask questions, and explore the world around them. During this extraordinary year, they have also had more opportunities to learn some other very valuable skills: resilience, adaptability, creativity, and strength.

Your child's growth is due to your partnership with their teacher during Remote Learning. This is a shared achievement, and it could not have happened without you.

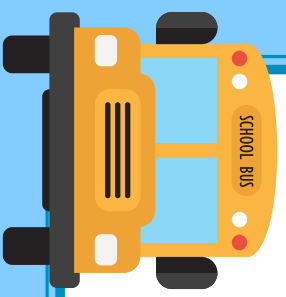

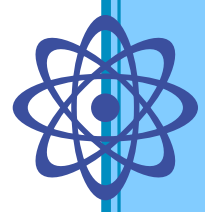

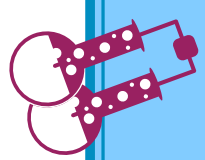

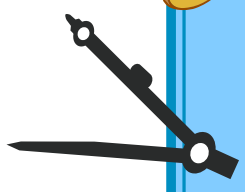

As your Chancellor, I am committed to putting our youngest learners on a path to achieve their college and career dreams, and Kindergarten is an important early step in that journey. We celebrate this year of growth and learning together with you.

We wish you and your family a great upcoming year in First Grade, and a healthy and safe summer.

Sincerely,

Richard A. Carranza
Chancellor
New York City Department of Education

CERTIFICATE OF ACHIEVEMENT

CONGRATULATIONS

KINDERGARTEN CLASS OF 2020
