## SPECIAL INTEREST (SI) STUDENT – PARENT FORM FOR 2018 – 2019 SCHOOL YEAR

I understand that at this time, my child does not qualify for any classroom or assessment accommodations. However, my son/daughter will be having his/her study hall in the Academic Achievement Center and will have the opportunity to use any resources found there. My child is also encouraged to utilize the After School Study sessions as needed during the school year.

I also understand that for my child to be included in the Instructional Support (IS) Program and have a personalized accommodation sheet created by the Instructional Support Specialist, a thorough and current psycho-educational test must be conducted. More information on this process can be received from the guidance department or the Instructional Support Specialist.
