### About the non-profit organization Understood

Parents want the best for their children. We do, too. For the first time ever, 15 nonprofit organizations have joined forces to support parents of the **one in five children with learning and attention issues throughout their journey.**

With the right support, parents can help children unlock their strengths and reach their full potential. With state-of-the-art technology, personalized resources, free daily access to experts, a secure online community, practical tips and more, Understood aims to be that support.
