

# Jamestown today

# Jamestown in 1607

### Teaching Tips:

- Fold an 8 1/2" x 11" paper in half, hamburger fold.
- On the front, glue the two rectangles above.
- Cut through the top flap to separate the two rectangles.
- Lift the left side portion, "Jamestown today" and under that flap, have students draw and label a map showing Jamestown as an island.
- Lift the right side portion, "Jamestown in 1607" and under the flap, have students draw and label a map of Jamestown as a peninsula, bordered on all three sides by water. For details, refer to the Curriculum Framework, page 10.
