

Animation Mania

<http://www.abcya.com/animate.htm>

1st Watch the tutorial and explore the tools!

Your Slides Appear Here

Your Tools:

- Pencil
- Brush
- Add Text
- Add Shapes
- Add Images

Save as a gif file

Choose the Size & Color

2nd Decide a topic or main idea for your animation.

Just a few ideas:

- Life Cycles of Plants and Animals
- Food Chains
- Explorers
- Rock Cycle

3rd Brainstorm!

Don't include every slide, just the main idea!

4th Let's Animate!

Saving Your Animation:

Save your animation as a ***gif file** to

- Computer
- G Drive
- Audino's Technology Folder
- Animations → Find **YOUR CLASS FOLDER**

Name your ***gif file**: *LastName Topic*
(example: Audino foodchain)

- **SAVE**
