Parent Letter #4 Remote Orientation

September 10, 2020

To P.S./M.S Families,

I hope you are healthy and safe. As we prepare for the reopening of school, I would like to make you aware of the following:

Prior to September 16th, classroom teachers will contact students via their DOE email. Please note that your child will continue to use his or her previously assigned DOE email account to access Google Classrooms and to communicate with their teachers. Parents should also expect to receive an email from their child's teachers as a form of introduction along with the orientation schedule.

Our teachers have been working collaboratively in grade teams and by department to plan and prepare for our 3-day Remote Orientation. These orientation sessions will take place September 16th -18th. During this time, your child will have an opportunity meet their teachers and classmates via Google Meet and hear all about the upcoming school year. Your child will become familiar with the school's expectations for Remote and Hybrid Learning. Teachers will share grade specific expectations and parent tips to help you navigate teaching and learning during this time.

Please be reminded that in-person learning begins on September 21st for the A cohort only. Students in cohorts B, C, and D will be learning remotely from home.

Our dedicated and committed teaching staff is eager to kick-off the new school year and we look forward to meeting you and your children very soon.

Sincerely,

Mrs. Mirando
