*Parent Letter #11*

September 30, 2020

Dear P.S./M.S. 71 Families,

Our first two days of in person learning was a success. A special thank you to our parents and students for taking the health and safety of all members of our school community seriously. Your cooperation with completing the health screening form in advance by having paper copies filled out ahead of time or by using the QR scan code helped move the process along safely and quickly. For those who opt to complete the paper copies of the form, please be sure that you have multiple copies on hand and that you fill one out daily. If your child arrives by bus, it is imperative that the parent/guardian fill out the health screening form before sending your child on the bus. Bus children are expected to present the completed form upon arrival. Please do not send your child to school if he or she is not feeling well.

All parents and students entering the school yard are expected to wear masks at all times. Since health screenings must be conducted before entering the building, please be sure that your child is dressed appropriately for inclement weather and has an umbrella when it rains.

We thank you for partnering with us to make health and safety our top priority.

Sincerely,

Mrs. Margaret Mirando  
Principal
