

COMPREHENSIVE EDUCATIONAL PLAN

2013-2014

MOUNT PLEASANT COTTAGE SCHOOL UFSD

Overview

The purpose of the Comprehensive Educational Plan is to provide the overarching Board of Education goals that serve as guidance for all subsequent plans included in this compendium (i.e., Curriculum Management, Professional Development, Special Education, Student Assessment, Technology and Facilities).

The Comprehensive Education Plan process and structure will follow the NYS CEP template that is provided for Upstate/Long Island. The CEP will be developed through a transparent inclusive approach that uses multiple teacher and student performance data sets. Improvement strategies will be written to maximize alignment with all other plans in an accessible and understandable manner.
