MOUNT PLEASANT COTTAGE SCHOOL UNION FREE SCHOOL DISTRICT

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board of Education recognizes the rights of the parent/guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation and educational placement of a child with a disability.

All due process procedures for parents/guardians and children in the Commissioner's Regulations shall be observed by the School District.

Definition of Parent

Parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child, a person in parental relation to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation pursuant to General Obligations Law Title 15-A including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent or other relative with whom the child resides), or a surrogate parent who has been appointed in accordance with Section 200.5(n) of Commissioner's Regulations. The term does not include the State if the student is a ward of the State.

A foster parent may act as a parent unless State law, regulations or contractual obligations with a State or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

It is the duty of the School District to determine whether a child needs a surrogate parent and to assign a surrogate parent in the manner permitted under New York State law. This determination shall be completed within a reasonable time following the receipt of a referral for an initial evaluation or re-evaluation.

In the event that no parent or guardian for a child with a disability can be identified; or after reasonable efforts the whereabouts of the parent or guardian cannot be determined; or the student is an unaccompanied homeless youth; or the child with a disability is a ward of the State and does not have a "parent" as defined above; or the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law; the Board shall assign an individual to act as a surrogate for the parents or guardians.

Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

The person selected as a surrogate shall have no interest that conflicts with the interest of the child he/she represents, and shall have knowledge and skills that ensure adequate representation of the child.

Prior Written Notice (Notice of Recommendation)

Prior written notice (notice of recommendation) must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education to the student. Prior written notice must also be provided informing the parents when no additional data is required to determine the student's educational needs, the reasons for this determination and their right to request an assessment.

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time if requests parental consent. The prior written notice will contain all elements required by Commissioner's Regulations.

A parent may elect to receive prior written notice and other required notifications by electronic mail (email) communication if the District makes this option available.

Parent Participation in Meetings

The School District must take steps to ensure that one or both of the parents of a child with a disability are present at each Committee on Special Education (CSE) meeting or are afforded the opportunity to participate in a mutually agreed upon time and place. The School District must document its attempts to involve parents, such as:

a) Detailed records of telephone calls made or attempted and the results of these calls;

b) Copies of correspondence sent to the parents and any responses received; and

c) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

A meeting may be conducted without a parent in attendance if the School District is unable to convince the parents that they should attend.

Additionally, the School District must take whatever action is necessary to ensure the parent understands the proceedings of this meeting including arranging for an interpreter for parents with deafness or whose native language is other than English.

Parental Consent

In accordance with due process, a parent (as defined in Commissioner's Regulations Section 200.1(l)) of a special education student or a student suspected of having a disability must provide informed consent before the School District can take certain actions. The District will make reasonable efforts to obtain written informed consent and will maintain a detailed record of its attempts and the results of the attempts.

In New York State, a noncustodial parent does not have the right to control educational decisions for his/her child. However, a noncustodial parent is afforded this right if, and only if, this right is expressly included in a custody order.

Additionally, absent supporting language in a custody order, a non-custodial parent lacks standing under IDEA to bring a claim to assert control over his/her child's educational program. Until recent revisions to New York law, consent for an initial evaluation, reevaluation, or the provision of special education services needed to be provided by a parent (i.e., the custodial or noncustodial parent). As it now stands, the decision to provide consent for a CSE-related activity is considered an education-related decision designated exclusively to custodial parents unless a court order specifically states the contrary.

Consent for Evaluations

The parent or guardian must provide informed consent to the initial evaluation, or reevaluations in accordance with law and/or regulations. If a parent does not provide consent for an initial evaluation, the School District may pursue the evaluation by commencing a due process hearing to override the refusal to provide consent.

Parental consent for a reevaluation is not needed if the District can demonstrate that it has taken reasonable measures to obtain consent, but the parents or guardians have failed to respond.

Consent for the Initial Provision of Services

Parental consent is also required for the initial provision of special education services. Consent for an initial evaluation does not constitute consent for the initial provision of services. If a parent does not provide consent for the initial provision of services, the School District shall not provide the special education programs and services to the student and shall not use the due process procedures to challenge the parent's refusal to consent. The School District shall not be considered to be in violation of the requirements to provide a free appropriate public education (FAPE), shall not be required to convene a meeting of the committee on special education or develop an individualized education program (IEP).
