**Re:** Budget Presentation

---

As I am sure you are already aware, MPCS has recently had to make many hard choices regarding budget reductions necessary to remain financially solvent.

In an effort to be transparent and informative, I will be scheduling a budget presentation on November 7, 2016 at 3:30 pm in the PCS small gym. In order to ensure that I am addressing as many questions and concerns as I can, I am requesting that you, if interested, send your questions to my office so that I can incorporate them into the presentation. I will also try to answer questions that arise during the presentation.

I know that this news is difficult and untimely (for some more than others) and while the events that created this situation were outside of my or your control, you deserve the information to understand the parameters governing the decisions that had to be made.
