PRINCIPAL'S MESSAGE

Welcome to the 2020 Awards Program at Pearl River High School. This year the student body and staff have worked diligently toward our ultimate mission of learning. Our students are focused on the priorities of family, citizenship, academics, and extra-curricular activities. They also take initiative and remain actively engaged in making the decisions that will shape their lives. We have seen our students continue to raise their personal standards for academic achievement across the numerous courses offered here at Pearl River High School. They have entertained us at concerts and theatre productions; we have witnessed their successes in academic competitions and have seen a record number of students achieve recognition in departmental and national honor societies. We have also had the pleasure of watching our students participate in interscholastic sports as they continue to represent us with class, dignity and outstanding sportsmanship.

Today is an opportunity to step back and recognize the numerous achievements of which we bore witness. We are here this evening to thank our students for the opportunity to be a part of their lives. In doing so, we also recognize the efforts behind the partnership forged between our parents/guardians, the community and the talented Pearl River School District Staff. This partnership allows all of us to support and challenge the student body while facilitating the discovery of true potential in pursuit of individual goals and dreams.

Please join me in congratulating all our students for an outstanding school year!

Sincerely,

Michael J. Murphy

Principal
