May 10, 2018

Dear Parents, Guardians and Students,

This year, as the Global History and Geography curriculum shifts to align with Common Core Learning Standards, all students enrolled in Global History and Geography 10, Global History and Geography Honors 10, and AP World History 10 will be taking the Transition Regents for Global History and Geography 10 on June 5, 2018 during the school day. The test has been scheduled by NYS to be administered during the morning, over a 3 hour period. We will begin the administration of the test at 7:45am. An exam schedule has been developed and will be posted for students with specific room information on the morning of the exam. This exam is your child's Global History Regents and final exam, and therefore, each Global History and Geography 10 student **MUST** be in attendance. **There is no makeup exam.**

Since the exam is required for course completion, students missing this exam will need to take the Global History and Geography Regents offered at the end of summer school, in August 2018. Parents of students missing the exam will be responsible to make arrangements with a summer school location to take the August exam. Please note that there is usually a cost for such an arrangement. Your child's counselor will be able to assist with this information.

The Social Studies faculty has worked consistently over the past two years to make this curricular and instructional transition, and will continue to provide a solid foundation in high school social studies for all of our students. If you have any questions and/or concerns, please contact your child's Global History and Geography 10 teacher, guidance counselor, or a high school administrator.

Thank you,

*Michael J. Murphy*
