The 16th Annual “Be An Engineer” Engineering Expo, which will be held on Sunday, March 31, 2019 from 11:00AM to 3:30PM at White Plains High School.

The goal of this event is to attract middle and high school students to a career in engineering by giving them the opportunity to mingle with engineering college representatives and business professionals who work in the field of technology. Just as in the past, we hope to have representation from a wide range of companies to show the exciting breadth of engineering. Some of the most effective displays include interactive presentations that capture students’ attention and show the interesting opportunities they can pursue.

Students should register on our website www.BeAnEngineer.org to facilitate an expeditious entrance and be eligible to win door prizes. This is a completely non-profit effort done for the benefit of the students and the technological world we live in.

Lateness to school As a reminder, students must bring in a parent note to the attendance office within 48 hours if they are late to school. Students who are late without a note serve an afterschool detention after the 48 hours.
