

# SCHOOL SUPPLY LIST

Dear Sixth Grade Families,

Here is the list of supplies that will be needed to get our school year started off right! On the next page, the supplies are categorized by subject. This will assist students with organizing their materials.

Along these lines, organization is always a challenge for Middle School students. To start off the year organized, before coming to school, it is helpful to label each item with the student's first and last name as well as the subject. During the school year, the sixth grade teachers will assist students with organizing materials.

**Please note:** Throughout the school year, students will be instructed to use their lockers. Keep in mind, students will NOT be permitted to bring book bags or backpacks to class. Instead, students are permitted to use small string bags. With this in mind, students will have to organize their materials in their lockers. For instance, supplies for morning classes versus supplies for afternoon classes. In the beginning of the school year, students should develop an organizational plan that works best for them.

During the course of the school year, students will need to replenish certain supplies. Thank you in advance for your cooperation. We look forward to meeting your child!

Sincerely,

The Sixth Grade Team!

Thank you in advance for supplying our classroom with these necessities!

# SCHOOL SUPPLY LIST
