

Dear Parents and Students:

For the 2018-2019 school year, the English Department at Pawling High School has created supply list below. This list will allow you to access the exact materials required for High School English (linked to www.amazon.com) and purchase them online, if desired. The English Department requires the same materials grades 9-12. This means that each year following the 2017-18 school year will merely require a replenishment of materials that have been used; replenishment is dependent on the use and care of each item.

If you do not choose to purchase these items from amazon.com, please make every effort to obtain the same items (brand, style, and quantity).

Thank you for your support!

Sincerely,

Carolyn Herman
