

Dear Parents and Students:

For the 2017-2018 school year, the English Department at Pawling High School has created an online supply list on www.amazon.com. This list will allow you to access the exact materials required for High School English and purchase them online, if desired. The English Department requires the same materials grades 9-12. This means that each year following the 2017-18 school year will merely require a replenishment of materials that have been used; replenishment is dependent on the use and care of each item. The link for the supply list will be available on each individual teacher web page, as well as the English Department web page and the Pawling High School web page. The list is also provided in print (see attached) and below as a hyperlink:

<http://amzn.com/sl/1IHAE45RM07HJ>

If you do not choose to purchase these items from amazon.com, please make every effort to obtain the same items (brand, style, and quantity).

Thank you for your support!

Sincerely,

TBD
