RE: Boosters in the 2018 Yearbook

The yearbook consists of a section for "Boosters", which are small messages that you can send to a graduate. They are published towards the end of the yearbook. Boosters not only help defray the cost of the yearbook, but they also give a special feeling to the graduate and can be read over and over again. Fast forward to ten years from now when a graduate looks over their yearbook and think about how a booster can put a smile on his / her face!

Anyone can send a booster to a graduate. We encourage parents, relatives, family, friends, teachers, and faculty to send a booster to a graduate of the school. **A booster consists of 3 lines of text or about 90 characters. Due to the yearbook layout, we reserve the right to edit any boosters over 90 characters. Although the website gives you different options, please keep the background color white and the text color black. You can select the font style of your choice. The cost is \$5 per booster!**

If you are interested in sending a booster, please follow the directions and fill out a "message box" on the link below:

(This link can also be found on our school website www.MS74.com)

You must submit all boosters no later than THURSDAY, MARCH 29th, 2018
There is a how-to-guide attached. The example given is **not** a booster ad, but the general idea is there.
