Re: Parking Lot Change

Dear ALJ Parents/Guardians~

We were just notified that the Police Department construction project will begin on December 16, 2019. This project will take about a year and half. Police department is blocking off the back of their building and requests that no one should park in front of their building especially during pick up time. Any parking in the construction zones may be subjected to a ticket. Please be sure to share this information with your son or daughter.

Sincerely,

Jennifer Feeley
