

## Frank K. Hehnly's 2nd International Day/Diversity Fair (K-2 Form)

The Frank K. Hehnly School Community will be holding its 2nd International Day/Diversity Fair on Wednesday, March 28, 2018 (6:30-8pm). This is an opportunity for students to share information about their cultural background. During the evening, we will open the doors to parents and community members to partake in the event by learning about cultures, tasting food, and possibly watching performances. The following day, students in each class can visit the various booths. Please return the bottom of this form if your child is interested in being involved in International Day. Students in grades K-2 should work with their parents and/or siblings to create a booth. Once this form is returned additional information will be sent.

We look forward to learning about your cultures. If you have any questions please contact Mrs. Badillo.

Warmest Regards,

Sarah Badillo  
School Counselor
