"THE FUTURE IS SO BRIGHT, I GOT TO WEAR SHADES"

From
Goofy's Dance Party

I started nuclear science
I love my classes
I got a great teacher, he wears dark glasses
Things are going great and their only getting better
Yeah, I am doing alright, I'm getting good grades

The future so bright
I got to wear shades
I got to wear shades

I got a job waiting for my graduation
Fifty thou a year can't wait till its here
Things are going great and their only getting better
Yeah, I am doing alright, I'm getting good grades

The future so bright
I got to wear shades
I got to wear shades

Well I'm having a blast
Word to the wise I'm a cyber space techy with X-ray eyes
I got a great teacher, he wears dark glasses
Things are going great and their only getting better
Yeah, I am doing alright, I'm getting good grades

The future so bright
I got to wear shades
I got to wear shades

Dear Students,
As is stated in your class song, "your future is bright." We have just come through difficult times. Your teachers and parents are wanting your future to be bright. You have seen what it was like to lose many of the normal things that you once did each day. Remember how this feels so when things return to normal you will make the best use of every day and every situation. One way to make your future bright is to make good decisions. The better your decisions the brighter your future. You probably will not make every decision perfectly, but the more decisions that are good, the better your future will most likely become. For the few times that you may not make a good decision your parents/guardians will be there to guide you. Don't forget to thank them because they love you through your good decisions and bad ones. Good luck to a bright future. We will think of you when we wear our sunglasses this summer.

Sincerely,
Ms. Applebaum and Mr. Beltramba
