

# Valley Road School

150 Valley Road • Clark, New Jersey 07066

**Mr. Joseph Beltramba**  
*Principal*

**Mr. Edward Grande**  
*Superintendent of Schools*

January 17, 2019

Dear Parents/Guardians:

We are partnering with Recycling Advantage, an electronics recycling fundraiser, to help our school raise funds for Valley Road School Student Council.

## **Help Us Raise Money through Recycling**

- Used Inkjet Cartridges
- Used Laser Toner Cartridges
- New Unused Inkjet Cartridges
- New Unused Toner Cartridges
- Laptops/Tablets
- Cellphones

Support is easy and FREE and there is nothing to buy and nothing to sell. Participate in our school fundraising program by collecting the above recyclable electronic waste items. Donating these items provides you with a green solution to recycling some of your used electronics. Additionally, recycling electronics for cash keeps these items and the chemicals they contain out of the landfills and the environment.

Boxes will be outside of the Main Office, labeled Ink/Toner Cartridges, and Laptops/Tablets/Cellphone where students can place the recycled items.

Be sure you ask for support from family, friends, employers, and neighbors to help us earn even more!

To get started today or if you have questions please contact, [mmatesic@clarkschools.org](mailto:mmatesic@clarkschools.org).

Thank you for your consideration!

Sincerely,  
Mrs. Guenther & Ms. Matesic  
VRS Student Council Advisors
