The Cold War & Role of the United Nations

Gibson, Andrew; Marchello, Veronica

- [Unit Planner](#)
- [Lesson Planner](#)

Big Ideas / Enduring Understandings

Students will understand that advancements in science and technology can have lasting impacts on societies and the world as a whole.

Essential Questions

- Is war and conflict inevitable?
- Is technology a blessing or a curse?
- How has science and technology influenced the rise and fall of nations?
- Who won the Cold War?
- How do wars shape alliances and contribute to national identities?
- What role does technology play in the history of a people?
