

John Jay High School

June 2018 Examination Week Information

From Tuesday June 12th through Thursday June 21st, John Jay High School will operate under a modified schedule for testing. Students in grades 9 through 11 will only be required to be in school on the days and times that they have an exam/final and are expected to be in their exam locations on time.

Please check the accompanying schedule to ensure you are aware of the date and time of your exams. If a course is not listed in the exam week schedule, final exams or projects will be incorporated into class time leading up to the final day of classes, which will be on Monday, June 11th.

Regents Exams must be taken on the assigned date. Every effort has been made to avoid students having conflicts between local and/or Regents exams. However if a conflict exists, the student must sit for the Regents exam and take the local exam during one of the conflict days indicated on the schedule.

Exams taken during the conflict and make-ups period must be scheduled in advance. Students should speak with their teacher or guidance counselor to coordinate taking the local exam on the alternate date.

Teachers will provide students with locations for exams and individualized changes to a student's schedule.
