PMHS Service Learning

Dear Parents and Guardians,

We are pleased to inform you that this year, Pelham Memorial High School has made changes to its method of tracking students' community service hours. Students will no longer have to receive a signature after performing community service or fill out paperwork to verify service. Instead, the school has introduced a new program called *Volunteer Access* (www.volunteeraccess.com), an online platform that will keep track of service hours using an online verification process. The program will also allow service opportunities to be shared with students via an online bulletin board, allowing PMHS students to find opportunities that fit their interests.

Students can sign into their *Volunteer Access* account starting September 1st by using their student ID and each student will use *pelham* as their temporary password. All high school students will be required to record their community service hours through Volunteer Access in order to fulfill their community service graduation requirement of 40 hours. If you have any questions, feel free to contact me at kcuccia@pelhamschools.org.

Sincerely,

Katelin Cuccia
