

GRADING POLICY

I. Grading

- A. Weighted grades do not appear on the report card or transcript but are used in determining cumulative grade point averages.
- B. Incoming 9th graders taking High School classes for credit will have their final grades appear on their High School transcript

III. Grading System Formula

For full-year courses that have a midterm and a final exam, quarterly grades will be weighted as $\frac{4}{19}$ of a student's final course grade. Midterms will be weighted as $\frac{1}{19}$ and final exams will be weighted as $\frac{2}{19}$ of a student's final course grade. For full-year courses that do not have a midterm, but do have a final exam, quarterly grades will be weighted as $\frac{2}{9}$ of a student's final course grade. Final exams will be weighted as $\frac{1}{9}$ of a student's final course grade. For full-year courses that do have a midterm, but do not have a final exam, quarterly grades will be weighted as $\frac{4}{17}$ of a student's final course grade. The midterm will be weighted as $\frac{1}{17}$ of a student's final course grade. For full-year courses that do not have a midterm or a final exam, quarterly grades will be weighted as $\frac{1}{4}$ of a student's final course grade. For half-year courses with a final exam, quarterly grades will be weighted as $\frac{4}{9}$ and the final exam will be weighted as $\frac{1}{9}$ of a student's final course grade. For half-year courses with no final exam, quarterly grades will be weighted as $\frac{1}{2}$ of a student's final course grade.
