

Kindergarten Summer Reading Project

To help your child prepare for kindergarten, please read one of the following books together, and complete the summer reading project. These books can help with letter, shape, and color recognition. Please prepare a small project with your child to bring in on the first week of school based around one of the books they read. They should be able to talk about the book and their project. Project examples are below but feel free to be creative. Please make sure your child's name and class number are on the project. If your child is able to write, they may add writing to their project too.

Mandatory Text:

- White Rabbit's Color Book by Alan Baker

Additional Recommended Texts:

- ABC I Like Me! by Nancy Carlson
- The Shape of Things by Julie Lacome

Examples of Projects:

- Draw a picture of your favorite part.
- Make a puppet of a character from the book.
- Make a picture of your room using shapes.
- Draw a picture of the characters in the book.

Summer Math Practice: Practice writing and identifying numbers 0-9!
