

Fully Remote Learning Experience	Blended Learning Experience
Fully remote instruction at home.	Combination of learning in-person at school buildings, and remote instruction at home.
Students participate in a regular schedule of age-appropriate, standards-based remote learning from home every day.	Students go to school buildings for age-appropriate, standards-based, in-person instruction on some days; and continue their learning from home remotely on the other days of the week.
Students will have live interaction with teachers every day.	<p>On in-person days, students will attend classes in their school building.</p> <p>We are also working to ensure live interaction for students in blended learning on each day they are learning remotely.</p>
Every class will include live instruction. The amount will vary by grade, depending on what is developmentally appropriate.	On in-person days, students will have the opportunity for whole class, small group, and individual work and collaboration with classmates and teachers.
<p>Students will use a DOE-approved online platform (such as iLearnNYC or Google Classroom), available in multiple languages, for lessons and submission of work.</p> <p>Students will experience whole class, small group and/or individualized instruction in an online environment, as well as collaboration with classmates and teachers.</p>	Students will use a DOE-approved online platform (such as iLearnNYC or Google Classroom), available in multiple languages, for lessons and submission of work.
We will make every effort to ensure students consistently have the same instructors throughout the year.	We will make every effort to ensure students will be taught by a consistent set of teachers in-person and remotely, who work together throughout the year to maintain continuity and maximize learning.
There will be an emphasis on social-emotional learning across school communities to ensure the mental health and wellness of students and staff.	There will be an emphasis on social-emotional learning across school communities to ensure the mental health and wellness of students and staff.
Students will be able to access video-recorded lessons, assignments, and tasks.	Students will be able to access video-recorded lessons, assignments, and tasks.
Teachers will regularly engage students and families to check student work, provide timely feedback, and adjust instruction as necessary, via remote learning platforms, calls, emails, video chats, etc.	Teachers will regularly engage students and families to check student work, provide timely feedback, and adjust instruction as necessary, in-person and via remote learning platforms, calls, emails, video chats, etc.
Students and families will have access to one-on-one support to help with instructional activities.	Students and families will have access to one-on-one support to help with instructional activities.

Comparison of Remote and Blended Learning Experiences: School Year 2020-21
