2019-2020 Suggested School Supply List for Grades 7 - 12
(6th grade has their own lists under
Summer Assignments on the website)
Individual teachers will have other supply needs.

In grades 7-12, students have more choice in the supplies they use. While some like binders, others prefer notebooks. We recognize these individual differences. The supply list below includes items that most students need, with some room for choice.

- 3-ring loose-leaf binder with 7 dividers and loose-leaf paper or a 3-subject/5-subject spiral notebook or folders with pockets – student’s choice
- USB flash/thumb drive – 2GB or up
- Post-It Notes (at least 5 assorted pads)
- 1 pack of graph paper
- 1 pack of index cards
- several #2 pencils
- many blue or black pens
- 12-inch ruler, compass, and protractor
- calculator (see below for type):
 - Grades 6 & 7: Scientific (TI)
 - Grades 8-12: Graphing
- 1 glue stick
- 1 pack of 6 or 12 washable markers
- 2 highlighters

We would greatly appreciate your donation of the following items. Please bring them to Room 330B during the first few days of school, clearly marked with your name & grade: tissues, hand sanitizer, extra pens, washable markers, loose-leaf paper and 2 reams of copy paper.

Only school combination locks are used in hall lockers. They are available for a non-refundable, one-time fee of \$5.00, to be collected during the first days of school.

Students bring their own locks for gym lockers, which they remove at the end of the period.

- * Regents Review Books – the teachers will advise which ones are needed
- * Individual teachers will have other supply needs

During the school day, each student must have a book to read, and they are expected to bring it to each class – not leave it in their locker. The book can be one of the student’s choosing or one assigned by a teacher. For a list of suggested books, please go to www.pinterest.com/wjps and look under High School fiction/non-fiction or Middle School fiction/non-fiction.

Calculators needed for school and homework:

Regents Course/Exam	Ti-84 Plus Graphing Calculator	Texas Instruments Scientific Calculator TI-30xIIs
Integrated Algebra	x	
Algebra 1 Common Core	x	
Geometry Common Core	x	
Algebra 2/Trigonometry	x	
Physics	x
