Week 6 NMH

Hello,

As we wrap up NMH we have covered an era that explains New Mexico part in building the West/Country. We have many things to offer the United States people, rich in heritage and a strong front in Science and Technology. This last week I want to cover something closer to home. I would like for you to use this packet of information and answer the questions on the last page. New Mexico was instrumental in winning WW2 but how did we do it? This packet will answer all questions about that.

Remember to email me or upload through the reminder app. Thank you for all your hard work.
