

January 17, 2020

Dear Parents:

Kindergarten registration and screening will be held at Kent Center School on Wednesday, April 1st and Thursday, April 2nd. If your child will be 5 years old on or before December 31, 2020, please call the KCS office at (860) 927-3537 between 9:00 am and 2:30 pm by Friday, March 18th for an appointment.

You will need to bring –

- Your child's birth certificate
- A copy of your child's most recent physical
- Record of immunization
- Proof of residency, i.e. current utility bill with name and street address; tax bill from the current year, or a copy of your driver's license with your street address.

State law requires that all students be immunized against Hepatitis B, chickenpox, rubella, measles, mumps, DPT, HIB and polio before entering school.

Our Kindergarten Screening Team will meet with you and your child. Each child will be accompanied by a member of our team through speech, motor, basic concepts, vision, and hearing screenings. The screening will take approximately 1-1/2 hours. Parents will have time to complete registration papers, view the Kindergarten website, and meet informally with other Kindergarten parents. Your child will be active so please make sure they have appropriate footwear.

The kindergarten team is Principal Michelle Mott, Reading Teacher Lee Sohl, Speech Pathologist Tracy Bayers, Nurse Betsey Levesque, Kindergarten teachers Kathleen Robey and Valerie Vega, Physical Education Teacher Marci Saunders, Special Education Teacher Pam Scribner, Occupational Therapist Angie Coleman, School Social Worker Monica Rodriguez, Kindergarten Teaching Assistants Cathleen Montemorra and Carol Spelbos, and Reading Assistant Cathy Miller.

We look forward to hearing from you and seeing you and your child. If you have any questions or concerns, you may contact me at school.

Sincerely,

Michelle Mott, Principal
