

New Entrance/Exit and Arrival/Dismissal Plan

Effective Wednesday, April 17, 2019, there will be a change in the traffic pattern on 135th street due to the school construction taking place.

In order to ensure the safety of all, the boards surrounding the construction site will be moved an additional 23 feet out into 135th street. This will result in only one lane of traffic past the construction site and directly in front of our school. There will be no room for passing vehicles. Therefore, there will be No parking, No standing, and No stopping on 135th street from Cronston Avenue to the playground.

Our Safety Committee met to discuss the impact on our main entrance as well as our arrival and dismissal procedures. Please see our new policy below:
