Dear Incoming Families,

Whether your child is taking part in Blended Learning or Fully Remote Learning, we will be utilizing Google Classroom as our on-line learning platform for the 2020-21 school year.

In order to access google classroom, your child will be given a username and password to access our school's google domain. Their username will be in the form of an @psms114.org account and their password will be set as "welcome1".

Your child's user name will be:

first name, last name and the last two digits of their graduating year followed by @psms114.org

For example, a kindergarten student named Mary Smith will have the username of:

mary.smith29@psms114.org

You will also need the code to your child's google classroom. Classroom google codes are also in this folder on our "class information" sheet.

Also in this folder are step-by-step directions on how to use your username and password to access your child's google classroom.

Student entering	Graduating year
