Arrival and Dismissal Safety Precautions

The safety of our students is our highest priority.

Dear PS/MS 114 Families,

Procedures have been put in place during arrival and dismissal times to ensure the safety of all students, staff, and community members who are entering and exiting the building. These procedures must be followed by all members of the community in order to make certain that everyone remains safe. Please review the following procedures and adhere to them when dropping off and picking up your children.

There is no parking of cars on 134th and 135th streets outside the school building between the “No Parking on School Days” signs as students are entering and exiting the building. Parked and double parked cars cause safety concerns when children are entering and exiting the building and crossing the street. In addition, these streets need to remain thoroughfares for cars and buses exiting the school area.

Arrival on 134th street in the morning is, “Stop and Drop.” Please keep the line of traffic moving to avoid cars backing up and making wide turns around those who remain parked for too long.

Cronston Avenue is for busing only. No other students are to enter or exit this entrance. In addition, Cronston Avenue needs to remain free of cars so that buses can park and children can embark/disembark safely.

Please spend the extra few minutes to park your car and walk to drop off and pick up your children. Those few moments walking together will help prevent accidents and keep all of our children safe.

Thank you for your thoughtfulness in this matter,

Elizabeth Welsome
