To Whom It May Concern,

Welcome to the Carlstadt Public School. We are proud of the accomplishments of our staff and school and hope your child will reap the benefits of the district and community. Unfortunately, it has come to our attention that, on occasion, non-residents have enrolled their children in the district fraudulently by providing documentation that they are living at an address within Carlstadt when in truth they are not.

As a result, in the effort to protect the taxpayers, we have to be vigilant in investigating any questionable residency issues.

Please be advised that if, at any time, it is determined that your child is not a resident of Carlstadt, you may be responsible for paying the annual per student cost up to \$17,031. Special Education costs may exceed this amount. This district will use all necessary legal means to collect this tuition.
