Dear Parents/Guardians:

Once again this year we would like the children to extend themselves to others who are less fortunate. This act of compassion will help make our holiday preparations more heartfelt and meaningful.

As you may already know, each year a giving tree is decorated. The Giving Tree will be located by the front entrance. We would like to trim it with small items that the children bring to school. At this time, I would ask all parents, if possible, to send to school with your child a new pair of child's gloves, mittens, or socks. These will then be hung on our giving tree as a sign of compassion for others.

This year we will also have a box located next to the tree where we will be collecting new or gently used coats. Just prior to the winter recess, all of the items will be collected and distributed to an agency that will distribute them to those who are in need.

Sincerely,

Kenneth R. Foy
Principal

NOTE: Please send in your donations December 2nd through December 19th.
Thank you.....for your charity and your support of this school wide endeavor.
