To promote remote learning and constant communication with you Guardians and Students, we have created a new method of PupilPath registration that no longer relies on the PupilPath Invitation letter and registration code. Remember, **ONLY the student account** will have access to complete online assignments and assessments.
IMPORTANT - PARENTS AND STUDENTS CANNOT USE THE SAME EMAIL ADDRESS WHEN REGISTERING.

Requirements to register without the Registration Code and PupilPath letter:
- Guardians and students must download the iOS or Android app
- Guardian or student must have an email address (NEW for students only if they register through the app and *must be different from the parent email*. Student's do not need and email if registering through the website using the registration code)
- The user must know the
    - school name
    - student's ID number and
    - student's date of birth

STEP 1
On your phone, download the PupilPath app by Illuminate Mobile

STEP 2

Open the app on your phone and tap Register. Choose Parent or Student

STEP 3
Select the student's school, enter the student's ID number, select the student's birthday and tap Verify (parent view shown below)

STEP 4
Tap your title, enter you first name, last name and email address and click Continue
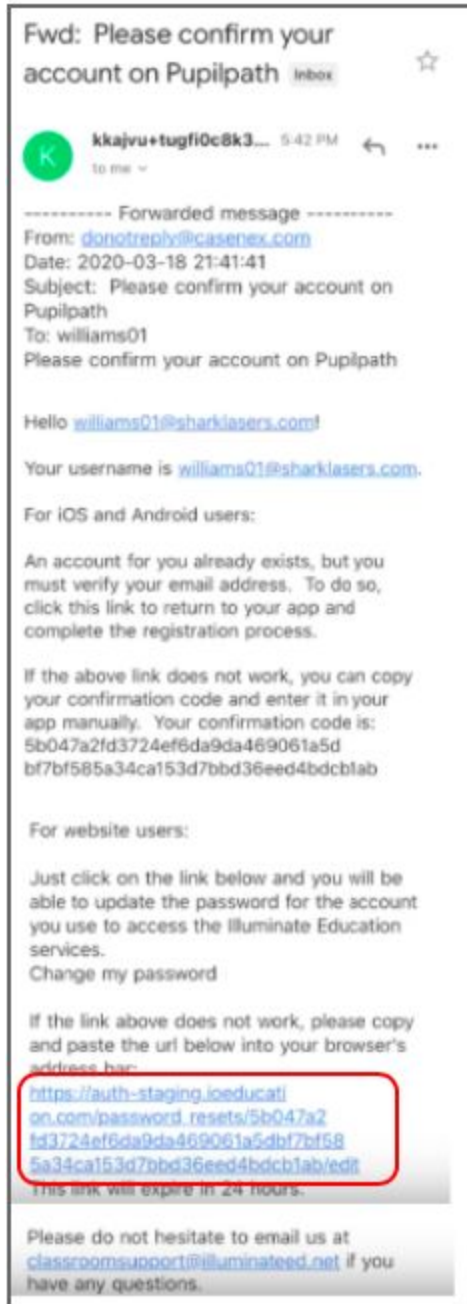

STEP 5

Check your email for the PupilPath activation email from donotreply@casenex.com. Click the link in the email, which will return you to the registration screen and automatically enter the activation code.

STEP 6

Enter and confirm your password and your account will be activated.
