CCSMS Car Loop Safety Guide

CCSMS Driving Tips for Scholar Safety

Don't drop your scholar off in the danger zones of Food Lion parking lot and the opposite side of King Street from our school

Scholars walking across the street create an unneeded safety hazard

Always drive at a slow, safe speed through our loop and on the surrounding streets of our school

Many scholars walk to our school & to other schools in the surrounding area!

Keep alert and aware of your driving surroundings

There are many scholar drivers around you!

Always smile and wave at your scholar and our teachers/staff members to start & end their days on a positive interaction.
