March 19, 2020

Dear PS 31Q Families,

We deeply miss you and your children and we hope that you are all home safe and healthy. We know this is an uncertain time for all of us and although we are not physically together, the PS 31Q Team is here for you in every capacity.

For the past week our tireless staff has been working to ensure the children have a seamless learning experience from home and for when we are able to return to school. Every class will be working off of a Google Classroom platform in which classroom teachers, paraprofessionals, cluster specialists and service providers will post daily lessons and assignments in all subject areas.

**Beginning, March 23, 2020 teachers will take attendance each morning at 9am. Please make every attempt to get the children in on time. Remote learning is not optional; we are treating each day like a regular school day for students in K-5.**

Be advised that they will **NOT** be sitting in front of a screen all day. They will be picking up assignments, looking at videos and going to educational links that teachers have prepared.

Our staff is available through email, Google Classroom and DoJo. I will send out informational emails as I receive updates. As always, feel free to reach out to Your child's teacher, Mr. Kossovitsas, Ms. Gillespie and me with any questions or concerns you may have. Please check your email and app notifications frequently.

Until we are together again, be safe and well!

Sincerely,

Terri Graybow  
Principal
