ELIGIBILITY - SECTIONALS

The coach will determine if an athlete has the ability to compete in this meet.

Each athlete must have competed for his/her school in at least six Federation approved meets. Should an athlete miss a meet for an exceptional reason, report it to your Athletic Director immediately so that an exemption may be sought.

Only documented times may be used and no conversions are allowed. Any card with a false time will be scratched from the event.

Anyone advancing in an event must compete in that event or withdraw from the meet. Be sure your athlete or a stand-in reports on time.

ELIGIBILITY - STATE QUALIFYING MEET

The meet will be open, at the coach's discretion, only to athletes with the ability to compete. The entry for the State Qualifier will be an online entry system for the FAT timing system. Be accurate. Errors = Disqualification. All times will be verified.

State Meet Qualifiers: Check the standards listed here. Report to your coordinators, any qualifying time or distance that your athlete achieves. If an athlete qualifies, he or she must place at least third to qualify for the States. If your athlete qualifies and you do not wish him/her to compete in that event at the States, you must declare that before leaving the Qualifying Meet. A qualifying athlete cannot opt to run the Intersectional Relay. A competing athlete who does not intend to go to the State should make this fact known before leaving the qualifying competition. The first non-qualifier in the 300m, 600m, 1000m, 1500/1600m will run the Intersectional Relay.

We will qualify two athletes per event plus a third if the third place athlete at the State Qualifying Meet has met the standard after. Conversions will not be allowed for State Meet Seeding purposes.

In the event that it is impossible to contest the State qualifying meet. The State team will be picked as follows:

1. Best marks from leader board. Weight given to later marks.
2. Results of class meets.

Decision will be final. Coaches will be notified ASAP. Acceptance of spot on the team must be acknowledged within 24 hours so that an alternate may be notified.

GENERAL SECTIONAL PROTEST PROCEDURE

1. Any coach lodging a protest will immediately notify the meet referee* (*prescribed by the Federation Rulebook) of the contest.
2. All officials and coaches involved must be notified immediately.
3. All details of the protest must be put in writing. The following information must be included in the written summary:
 - a. Date and site of the meet
 - b. Names of the athletes and officials involved
 - c. A full and clear description of the protested situation
 - d. The officials decision on the situation
4. The Protest Committee will make the final decision in all protests. This Committee will consist of all members of the Sectional Winter Track Committee, at least one neutral official, and any other member deemed necessary by the Winter Track Chairperson. League Representatives of the schools involved will not vote on the decision.
5. The coaches involved will be informed of the Committee's decision as soon as possible.

THE INFORMATION REGARDING SECTIONAL ORDER OF EVENTS IS NOT YET DETERMINED - WE DO NOT FOLLOW THE STATE MEET ORDER OF EVENTS DUE TO THE DIFFERENCES IN THE FACILITIES

4 x 800m Relay	9:36.24 (9:36.0)	8:05.04 (8:04.8)

For individual events, your third place finisher in your state qualifier may advance to the state meet if he/she has met the standard at the state qualifying meet or in meets approved by the Sectional Coordinator. **He/she must place third in the state qualifier.**

For relay events, the second place finisher may advance to the state meet if they have met the above standard in an approved meet, **and finished second in the state qualifier meet.**

The intersectional medley relay is composed of the third place finisher in the 1000, 300, 600, and 1500/1600. If an athlete finishes third and has met the standard in those events, then the fourth place finisher will compete in the relay. Alternates for the relay may not be competing in the 1000, 300, 600, and 1500/1600 at the state meet.

OFFICIALS

SWBOCES will assign officials for **ALL** Section One contests in cooperation with individual Sports Chairpersons.

NOTES FOR COACHES

- As in all winter meets, an athlete is limited to three events including relays.
- All seeds must be verifiable. Be sure that you have documentation. You could be called upon to prove the accuracy of your seed.
- Coaches and all spectators are confined to unrestricted areas at all times.
- All ties to advance to the State Meet will be broken.
- If an athlete qualifies for the State Meet, be sure to obtain travel information before leaving the Qualifier Meet.
- All athletes are expected to lodge with the Sectional team, eat all meals together and sit together as a team at the State Meet.
- If your relay team qualifies, give your coordinator 4 names plus 2 subs. Any four may run, but only 5 may attend the State Meet. Do not ask for an exception.
- **Relays do not qualify by school but by the 4 runners who competed. If you must make substitutions that will weaken the team, withdraw and allow the second place relay to go in your place.**
- Unsportsmanlike behavior will not be tolerated, especially taunting and disrespect to officials. No warnings are required for such behavior. Disqualification is automatic. Do not bring troublesome spectators. They too are your responsibility.
- Make your athletes aware of the uniform and jewelry rule. Officials will make every effort to prevent incidents, but the responsibility belongs to you and to your athlete.

High School Track and Field: Pole Vault Certification Card

Pole Vault Certification is required by the National Federation of State High School Associations, the governing body for high school athletics and officiating. Rule # 7-4-3 (effective 1995) states that a vaulter shall not be allowed to compete while using a pole which has rating of less than the vaulter's actual weight. The purpose of this form is to ensure that the vaulter is competing with a legal pole at each competition. A copy of this form must be presented to both the official in charge and to the meet director before each competition begins. Make several copies and always have them on hand as the vaulter cannot compete without presenting this document. It is the responsibility of the school to ensure that the pole being used is certified for the vaulter. The required signatures on this form are evidence that all parties are aware of the risks involved when an athlete competes with an illegal pole and that both the athlete and the pole are in compliance with the weight requirement rule. Complete a form each season for all poles that the vaulter will use in competition and whenever the vaulter gains weight to the extent that the listed rating is no longer valid.

Safe pole vaulting practices include:

Athletes....

1. Should always compete with the proper equipment.
2. Are prohibited from switching poles during competition unless certified for that pole.
3. Should not compete when suffering from an illness or any other ailment or when overtired.
4. Must continually inspect their pole for stress cracks, chips, etc. which might cause it to break during competition.
5. Must refrain from jumping when weather or other conditions might lead to an accident.
6. Must continually check the landing surface, planting box, and standards to ensure that they are in proper shape and/or adjustment.
7. Should not attempt heights for which they are not practiced at or in condition to jump for.
