- It is your obligation to call all balls on your side, to help your opponent make calls when the opponent requests it, and to call *against yourself* (with the exception of the first service) any ball that you clearly see out on your opponent's side of the net.
- Any "out" or "let" call must be made instantaneously (i.e., made before either an opponent has hit the return or the return has gone out of play); otherwise, the ball continues in play.
- Do not enlist the aid of spectators in making line calls.
- If you call a ball out and then realize it was good, you should correct your call.
- To avoid controversy over the score, the server should announce the set score (e.g. 8-4) before starting a game and the game score (e.g. thirty-forty) prior to serving each point.

4. The coach (referee) has authority to call point penalties for infractions during the match, and in the most extreme case, to default any player or doubles team for blatantly disregarding the rules of conduct and fair play.
5. All on-court rules of high school and USTA will be followed.

Conference Tournament (not team)

---Conference Tournament;...Reminder/Recommendations....

***** It will be a 16 draw for singles, (or less) and no more than a 24 draw for doubles, (or less). Just remember you have 5 days, including Saturday to get this done. You might have to play 2 matches in one day, if you have a 24 draw for doubles to get it all in on time.**

All reps and coaches should meet and enter their top players. If a player or doubles team have less than a .500 record during the year they should be reviewed carefully.

Yes, you can put 2 single players together to play doubles, if they have at least a winning record in singles. Do not put two players who have not won a match or maybe won one match, together to play.

Be honest with each other, you all are tennis coaches and hopefully know the game, that means you should know if a player has a good chance of making it to the section tournament.

The players should expect to play 2 matches in one day if need be. Try not to stop a match in the middle because of darkness. Don't start if you do not have time to complete the match, if possible.
