

JOB DESCRIPTION

NYSED Certified High School Science Teacher

Wildcat is a transfer high school, serving the needs of disenfranchised youth who have either dropped out of school or who are at risk of dropping out of school. Wildcat is a highly collaborative environment where teachers and staff work together to create an atmosphere in which students can flourish. Wildcat is looking for an enthusiastic, forward thinking NYSED certified Science Teacher (grades 9 - 12).

Qualifications:

- NYSED certification in a science, one of the life sciences preferred,
- Experience in teaching high school preferable,
- Demonstrated knowledge of curriculum and "best practice" pedagogy for struggling students,
- Demonstrated ability to work with students struggling with academic subjects, and
- Knowledge and ability to correlate curriculum with Common Core State Standards.

The specific roles are:

- Provide classroom instruction,
- Write lesson plans and syllabus as per Common Core Standards,
- Supervise, encourage, counsel and evaluate students,
- Create an effective classroom environment,
- Utilize literacy-based instruction,
- Use pertinent testing information to inform curriculum and assessments,
- Meet with parents/guardians during scheduled day and evening conferences and as necessary,
- Participate in staff development activities,
- Assist in any other activity in which the school participates,
- Motivate students to learn.

This is a union position covered under UFT collective bargaining agreement.
