

Dear Parents,

Summer vacation is almost here! We hope that you make it a time to REST, RELAX, READ, but above all ENJOY!

Reading, like a sport, involves practice and skill. Real skill building occurs when children read for pleasure, when children read “just right” books, that is, books that are not too hard and not too easy, and when children can explore books about those topics that interest them. The more they practice with someone’s encouragement, suggestions and praise, the better and more confident readers they will become.

Here are some tips to encourage reading:

- Set aside a regular family reading and /or read aloud time.
- Read to your children, even the older ones.
- Recognize that your child’s own choice and interests are important ingredients toward reading enjoyment.
- Let your child see you reading for pleasure.
- Don’t forget to pack a book wherever you go this summer.
- Participate in activities at the local library.
- Learn more about children’s books, from your child’s friends, from the local library or from the attached lists.

Students entering Grade 4 are expected to read at least **three “just right” books this summer and complete a Book Report for each book. We’ve included a list of possible books, as well as the Book Report form. Students are to return the reports when they return to school in the fall.

Happy Summer Reading,

From Your Fourth Grade Teachers at LCCPS

**Summer
BOOK REPORT**

Would you recommend this book to a friend? Why or why not?

Good readers *visualize* while reading (Get a picture in your mind).
Draw your favorite scene or a picture you had in your mind while
reading.
