Health Forms Information Sheet

March 2019

Grades Pre-K or K, 1, 3, 5, 7 & For All New Students

Dear Parents & Guardians of Pre-K or Kindergarten, Gr. 1, 3, 5, 7 & All New Students:

Please find the following forms in the enclosed packet that you will have to complete or have completed for this school year: **2019 – 2020**

- 1. Physical Examination Certificate:** is to be completed by your child's physician after having a physical examination. By law, all new students and those entering grades Pre-K or K, 1, 3, 5, & 7 must have a physical examination completed by their physician/practitioner. Completed forms, signed and dated by physician anytime within the last 12 months, are acceptable. Your child will be examined by the school physician if we do not have a signed and dated form on file.
- 2. Vaccination Administration Record:** to be completed by your child's physician.
- 3. Medication Administration Form:** to be completed by your child's physician, and you, only if your child will be taking any medication while he or she is at school.

No student is to bring in or take any medication in school (including inhalers) without a written note from the parent, a doctor's order (written and signed) and a pharmacy labeled container for the medicine. This includes **ALL medications** such as Tylenol, Motrin, cough syrup, etc. All medications are kept locked in the nurse's office. Since medication can cause side effects, please let me know if your child is on any medication at home.

If your child has asthma, it is a good idea to keep an extra inhaler at the nurse's office. If your child should have an isolated attack, I will then be able to help him/her feel better.

- 4. Child Health History Information Form:** to be completed by you, the parent or
The information on this form helps me to ascertain the current health status of your child. I ask that this form be completed annually.
- 5. Dental Examination Certificate:** to be completed by your child's dentist.
This law, effective Sept. 2008, requires students enrolling in a public elementary school in New York to present a dental health certificate stating a report of a comprehensive dental examination at the same time a health examination is required.

Please return all forms to the Health Office as soon as they are completed. Make sure to keep a copy of the forms for yourself, as they are often needed for camp or after school programs. If you have any questions, please call or stop by. Thank you for your cooperation.

Sincerely,
Gay Harmon, RN

Dental Health Certificate- Optional

Parent/Guardian: New York State law (Chapter 281) permits schools to request an oral health assessment at the same time a health examination is required. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental check-up before he/she started the school, ask your dentist/dental hygienist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

Section 1. To be completed by Parent or Guardian (Please Print)

Child's Name:		Last	First	Middle
Birth Date: / /	Sex: <input type="checkbox"/> Male <input type="checkbox"/> Female	Will this be your child's first oral health assessment? <input type="checkbox"/> Yes <input type="checkbox"/> No		
<small>Month Day Year</small>				
School: Name				Grade

Have you noticed any problem in the mouth that interferes with your child's ability to chew, speak or focus on school activities? Yes No

I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination with x-rays if necessary to maintain good oral health.

I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.

Parent's Signature _____ Date _____

Section 2. To be completed by the Dentist/ Dental Hygienist

I. The dental health condition of _____ on _____ (date of assessment) The date of the assessment needs to be within 12 months of the start of the school year in which it is requested. Check one:

- Yes, The student listed above is in fit condition of dental health to permit his/her attendance at the public schools.
- No, The student listed above is not in fit condition of dental health to permit his/her attendance at the public schools.

NOTE: Not in fit condition of dental health means, that a condition exists that interferes with a student's ability to chew, speak or focus on school activities including pain, swelling or infection related to clinical evidence of open cavities. The designation of not in fit condition of dental health to permit attendance at the public school does not preclude the student from attending school.

Optional Sections - If you agree to release this information to your child's school, please initial here.

II. Oral Health Status (check all that apply).

- Yes No **Caries Experience/Restoration History** – Has the child ever had a cavity (treated or untreated)? [A filling (temporary/permanent) OR a tooth that is missing because it was extracted as a result of caries OR an open cavity].
- Yes No **Untreated Caries** – Does this child have an open cavity? [At least ½ mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pits and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present].
- Yes No **Dental Sealants Present**

Other problems (Specify): _____

III. Treatment Needs (check all that apply)

- No obvious problem. Routine dental care is recommended. Visit your dentist regularly.
- May need dental care. Please schedule an appointment with your dentist as soon as possible for an evaluation.
- Immediate dental care is required. Please schedule an appointment immediately with your dentist to avoid problems.

Self-Administer/Self Carry

Parent permission and provider consent is required for students to self-administer and self-carry medication. Students with this designation are considered independent in taking their medication at school and require no supervision by the nurse. Parents assume responsibility for ensuring that their child is carrying and taking their medication as ordered. Schools may revoke the self-carry/ self-administer privilege if the student proves to be irresponsible or incapable. To request this option please sign below:
